### **Matthew T. Kingston, DMD**

Honors graduate of the University of Richmond (1996) and the Temple University School of Dentistry (2001); practiced general, cosmetic and restorative dentistry in Lancaster for more than six years before opening Healthy Smiles Dental.

### **Practice Details**

**Practice mission:** to provide exceptional dental care and customer service and to educate patients about how taking care of their oral health can lead to improved overall health.

**Advanced dental technologies include:** low-dose digital radiography to replace traditional film X-Rays; digital panoramic radiographs; intra-oral cameras that help patients see inside their mouths; quieter, more efficient electric drills; dental iPads to provide treatment details to patients, state-of-the-art sterilization center, VELscope Vx early-detection oral cancer screening; and PlanScan E4D Technology, digital dentistry for same-day, on-site crowns.

**Patient amenities include:** comfortable leather dental chairs, many of which have a built-in back massage; iPods for patients to listen to during treatment; 32 inch LCD TV's in all treatment rooms; and a designated play area for families with young children. Dr. Kingston has collaborated with an independent certified massage therapist, who is trained in TMJ-specific massage, to develop a protocol for those who suffer chronic headaches or pain related to the TMJ. All lab work at Healthy Smiles Dental is done by American workers.

**Other unique programs include:** The Healthy Smiles Dental Smiles Rewards Program, the first dental patient loyalty program in the Lancaster area. Smile points are earned with each service, whether or not patients have dental insurance. Clients can "cash in" their smile points on rewards ranging from discounts on teeth whitening to a massage or restaurant gift certificate. To encourage children to brush and floss, Healthy Smiles Dental offers a "No Cavity Club" open to all of our patients ages 0-16.

**Appointments:** Mon 10-7, Tues 8-5, Wed 10-7, and Th-Fri (alternating) 8-4. Summers Mon, Tues, Wed 8-5, Th 8-2. Healthy Smiles Dental accepts most major insurances and offers several flexible payment plans.
